

# From the Pastor

It was in the 1960's and 70's when the culture of our society began to change. Now having sex outside of marriage became acceptable. Society told teenagers and young adults to go ahead and explore. Co-ed dormitory's made it easy, and

today, living together is the norm and marriage is becoming something to which people are unwilling to commit.

I guess I could go on and on into all the ways sex has deviated from its original purpose, but the point I'm trying to make is what my Dad told me back when I was ordained into the ministry. He said, "Son, if the Pastors can't turn off the faucet spewing out from the sexual revolution, then not only will you spend your entire ministry trying to mop up the mess, but one day you'll be swimming in it."

Today, no family is exempt from the pain that sex outside of marriage has caused. I've often said that no one has ever broken one of God's 10 Commandments- we break ourselves when we go against what He established as guidelines to keep us safe. Like so many, David found out the hard way what results from sexual sin. In today's message, we explore the story of David and Bathsheba.

Blessings,

Randy & Pam
