From the Pastor

As a Youth Pastor, I once covered one of the concepts we will be looking at today. In fact, the title of today's message, Functional Perfection, came from this concept found in the Greek word "teleios." Teleios basically means to be full-grown in your maturity as opposed to remaining underdeveloped when it comes to maturing. A young man in our youth group approached me afterwards, and this was before I was 30 years old, in order to ask me if I thought I personally was teleios. I immediately said no, that I was certainly on track and in process, but far from it, an answer I think he was happy to hear.

Little did I know at the time just how much growth was still necessary. I had correctly given advice to a young nephew of mine a few years back who told me he wanted to write a book before he was 30. I begged him to wait, because before I was 30 my book of what I thought I knew would have been 400 pages. Today, however, I think I can fit it all on a page and a half!

Listen, until we get to heaven we will all be in a perpetual state of becoming perfected. But hopefully we are all well on our way to having a full grown, highly functional maturity. Like Paul says, let's press on towards the mark or the prize of the high calling of God in Christ Jesus!

Blessings,

Randy & Pam
