

## From the Pastor

Remember when you could watch the News and just be informed on what was happening in the world? Has anyone found a Newscast recently that is reported with an unbiased slant? How do we know any longer if what we're being told is accurate or are we just being told what 'they' want us to hear?

I believe that misconceptions are everywhere. What do you think about the following statements? Are they true or false?

- 1). The team that makes the most mistakes wins.
- 2). Immigration is bad for the economy.
- 3). Paper bags are better for the environment than plastic.
- 4). He who dies with the most toys wins.

In today's parable, we find that this guy who had the most toys was a huge success here on earth. However, though he had gained the whole world, he lost his soul. To me, that's one of the greatest of all tragedies. I mean, the man had everything, and then he died, and in that one moment in time...he lost it all.

One of the great morals of this story is that he grew tired and complacent. He gave up. He retired. There's nothing wrong with retiring from something as long as you retire to something. The possibilities for us to utilize our giftedness to enhance the Kingdom of God during retirement are endless!

I love the saying; "We only have one life, it will soon be past. Only what's done for Christ will last." Please make an appointment with one of your Pastors to see just how to be involved in ministry here at Trinity Life Center. The sky is not the limit on what all of us could accomplish together!

Blessings,

Randy & Pam
