

## From the Pastor

The Grand Canyon is the most famous canyon in the world. It is 6,000 feet deep and 277 miles long. But the deepest canyon in the world is the Kali Gandaki Gorge in Nepal, with a depth of 26,795 feet. The longest canyon in the world, discovered in 2013 under a sheet of ice in Greenland, is 460 miles long.

But the Greatest Chasm of all is the void between God the Father, Who is absolutely pure and Holy, and man, who is unclean, sinful, and born as an alien and a stranger to God.

Man, through all of his efforts, has tried over and over to jump the chasm between man and God. But the more we try, in our pride and self-righteousness, the greater the chasm becomes. But (praise God), the void has been bridged!

God the Father sent us His Son, Jesus Christ, to die on the cross. Jesus successfully bridged the chasm between holy God and unholy man. Jesus took our sin on Himself, becoming sin, and He bridged the chasm of sin by giving us His righteousness as our own.

Through all of mankind's efforts to cross over the Great Chasm, from false religions and their false prophets, to good works or self-righteousness, even to feats of self-discipline like fasting or pilgrimages, the Great Chasm could not be crossed over from mankind's side to God's side because all men have sinned and lack the glory of God.

But God has bridged the Great Chasm from His side by sending His One and Only Son, so that His blood could bridge that Great Chasm and now anyone who puts their faith in Christ will be transported over into the Kingdom of God.

When we have faith in Christ, the massive chasm between God and man is bridged and we can have eternal life and intimate fellowship with God. Quoting from The Message Bible:

"Yes, O yes!"
